

# OH ASSIST LIMITED CORPORATE SOCIAL RESPONSIBILITY POLICY

As CEO I am fully aware of the responsibilities that the company has with regards to the social fabric of the community, environment and industries within which we operate.

It addresses those responsibilities with a range of initiatives and support measures that are visible and tangible, but could also be embedded within operating practices and opportunistic gestures as befits the situation and climate prevailing at the time.

The main focus areas of the policy are detailed below

Any member of staff that feels the policy is not being implemented correctly should raise their concerns with their line manager at the earliest opportunity.

Approved by Simon Dickinson, CEO (Interim) on 25/01/18
